## PRESENTS THE 2019-2020 WORKSHOP SERIES

September 14, 2019

### **Making Musical Inroads**

Presented by [Drue Bullington](#)

Beginnings aren't always easy, but they can be thrilling and fun and lead us to some pretty amazing experiences. We'll take our cues from some basic examples in the Volumes, folk songs, poems, and rhythmic patterns, then we'll call upon your artistry to move the group into the middle of the process (see: improvisation, movement, body percussion, recorder, drama, composition, and arrangement) and then by stretching the skills we've been reinforcing through elemental process teaching and learning, we'll arrive at the meaningful please end of brilliance! Simple, right? (Please bring copy of the Volumes, a soprano ukulele, and a soprano and/or alto recorder)

Saturday, January 25, 2020

### **TTOSA Chapter Share: Learn it Today, Use it Tomorrow.**

One of the best ways we can learn and grow is from each other! Ex: favorite lesson, favorite way to incorporate literature, favorite manipulatives, choral repertoire, recorder tips, movement lessons, etc. Come and experience gems that work in real classrooms.

**Please contact Jen Wright if you have something you would like to share!**

### **What's Grown and Known in the Xylophone Zone**

Presented by [Deborah A. Zehler](#)

Morning Mixers will start the day.  
We'll sing and dance and laugh and play.  
On to bars of metal and wood.  
lots of playing, (since everyone should).  
Perhaps a story, recorders, and more,  
Dance and move across the floor.  
Process, process is the key.  
We'll all have fun, just come and see!
